Introduction

This 5 bedroom detached, double fronted, executive style family home has a fantastic plot of approximately three quarters of an acre in a privately owned driveway of just four homes and has far reaching views of surrounding countryside and The Shropshire Hills AONB yet is conveniently situated on the edge of town. A property of this size offers flexibility of accommodation but the plot size offers considerable scope for development of a "granny annexe" by conversion of the existing second double garage under "permitted development" otherwise the 6m x 5m second double garage is an excellent workshop/hobby room as is the south facing summer house. The two generously proportioned driveways provide parking for a number of vehicles and wide gates either side of the house permit vehicles, caravans or boats to be stored out of sight of the close.

The property benefits from easy access to the A49 arterial route which connects with Shrewsbury and Ludlow and the B4368 provides a route towards the West Midlands for commuters. Local amenities including Craven Arms Medical Centre, on the Shrewsbury Road, and shops are within walking distance as is Craven Arms Station for routes to Hereford and South Wales. Further easily accessible local amenities include Tuffins Super Market and Garden Centre, a convenience store, petrol stations and fast food outlets.

The market town of Craven Arms is known as the "Gateway to the Marches" and is bounded to the north by The Shropshire Hills Area of Outstanding Natural Beauty which has fine walking along the Long Mynd and surrounding hills, to the south is Stokesay Castle, dating from the late 13th Century and acknowledged as being one of the finest Medieval fortified houses in the country. Discovery Close takes its name from the nearby Shropshire Hills Discovery Centre which has exhibits about the geography of the county. Visit our immersive 3D tour, see the hyperlink.

Front Garden
